

## PETZL SARKEN LLU CRAMPONS

<https://www.securhit.com/en/snow-and-avalanche/818-crampons-petzl-sarken-llu.html>

PETZL SARKEN LLU 12-point crampons for technical mountaineering. Equipment with UNIVERSAL LEVERLOCK binding, ANTISNOW anti-logging system and ALPEN ADAPT system.

## Description

Mountaineering requires specific, technical equipment to ensure your safety. Low slopes, steep ascents, ice or mixed terrain... PETZL's SARKEN LLU crampons with 12 points promise you long, trouble-free outings.

- Optimally distributed points for excellent load-bearing capacity on soft ice or hard snow
- Two vertical, notched front spikes guarantee excellent grip on ice and mixed terrain.
- The LEVERLOCK UNIVERSAL binding system adapts to all boots with a rear overhang
- Bi-position adjustment bars to fit sizes 36 to 50
- Steel stud design, a durable and robust material
- FIL or FIL FLEX fastening system for perfect adaptation to all shoe fronts (with or without overhangs)
- The ALPEN ADAPT system for modulating the various cleat components (front blocks, bars, anti-logging device and fastening system)
- Compatibility with all front bindings to fit most shoes, with or without front overhang
- ANTISNOW LEOPARD anti-clogging system limits snow accumulation under the crampons

PETZL's SARKEN LLU crampons are the ideal choice for successful technical outings.
