

## ILC- VAC AND ILC CHARGERS COMPATIBLE WITH MICA HAND LAMP

<https://www.securhit.com/en/atex-lighting/859-chargeur-ilc-12-24-vdc-pour-projecteur-il60-80-600-800.html>

ILC-VAC and ILC chargers compatible with MICA hand lamp

### Description

Charger for MICA lamp type IL60/ 80/ 600 /800.

Technical informations :

- Input voltage 12 24 VDC
- Charging temperature: 0°C to +40°C
- Current charge 800mA
- Slow charge 100mA

Sophisticated recharge and battery protection :

- Charging curve control
- Evaluation of maximum battery voltage (for switching to slow charge)
- End of charge after 12 hours (switch to slow charge)
- Ambient temperature control

Wall mounted vertical or horizontal.  
Available with Euro, UK and US plug.

### Caractéristiques

- Dimensions : 153 x 138 x 88 mm

- Weight : 860g
- Charging time : 6 - 11h en fonction du type de batterie
- Cable length : 2.5m
