Mountaineering shoes TRANGO TOWER EXTREME GTX

### Description

The TRANGO TOWER EXTREME GTX boot is designed for technical mountain use on ice and mixed terrain. Comfortable and lightweight, it can be used in all seasons.

Its upper structure is reinforced with waterproof, high-tenacity nylon fabric and Honey-Comb Guard anti-abrasion zone technology, for greater durability. In addition, it features a GORE-TEX lining that guarantees breathability and waterproofing for greater walking comfort.

Technical informations :

- Water-repellent, high-tenacity nylon 6.6 upper with Honey-Comb Guard and FlexTec 3 abrasion zones.
- Microfiber and Light PU thermo-adhesive reinforcements for reduced weight.
- Waterproof and breathable GORE-TEX lining.
- 9mm insulating Ibi-Thermo insole.
- Vibram outsole with Impact Brake System for better grip.
- Fully cramponable.
- 3D Flex system for better ankle support and mobility on steep terrain.
- Differentiated lacing system between upper and lower part for optimum comfort.

### Caractéristiques

- Poids de la paire : 1490g
