NEPAL CUBE GTX mountaineering shoes

Description

The Nepal Cube GTX is a technical mountaineering boot that offers an even higher level of performance thanks to its exceptional lightness and thermal properties.

The honeycomb construction of the Carbon Tech Honey-Comb insole keeps the shoe light and insulated at the same time. It also features a GORE-TEX lining that guarantees breathability and waterproofing for greater walking comfort.

Technical informations :

- Hydro Perwanger 3mm waterproof leather upper.
- Waterproof and breathable GORE-TEX lining.
- Honey-Comb Tech insulating carbon insole in 3mm honeycomb structure.
- Polyurethane midsole with differentiated toe and heel thickness for crampon hooking.
- Vibram outsole with Impact Brake System for improved grip.
- Fully cramponable.
- 3D Flex system for better ankle support and mobility on steep terrain.
- EZ Out tightening system for precise lacing block adjustment.

Caractéristiques

- Poids de la paire : 1900g
