MONTURA Operator CE 2.0 Work jacket

Description

MONTURA's Operator CE 2.0 high-visibility jacket is specially designed for helicopter rescue technicians working on exposed sites.

Certified EN ISO 20471 class 2, the Operator jacket features reflective stripes for maximum safety and visibility during rescue operations.

Its robust polyester fabric is breathable and quick-drying for optimum comfort.

Features:
- Mesh inserts
- Central zip on front and hand pockets
- Zippered chest and back pockets; radio pocket with drawstring and buckle.
- Small zipped sleeve pockets with radio antenna outlet.
- An integrated pruning shear is connected by a yoyo reel attachment system for easy use (MAJH00US).
- Inner velcro system for a harness if required, with zipped openings on the chest.

Caractéristiques

- Weight : 630 g
- Norme : CE EN ISO 20471
