Jacket BRAVE 2 MONTURA

Description

The BRAVE 2 jacket offers a high level of protection for mountaineers and mountain rescue professionals.

Its nylon fabric with DWR water-repellent treatment offers effective protection against wind and weather. Breathable and stretchy, it wicks moisture away from the body to keep you comfortable.

Detachable sleeves make it easy to turn the jacket into a waistcoat, and reflective stripes ensure optimum visibility.

Features:
- Nylon Pro-Meteo 3-layers stretch fabric featuring a laminate with a windproof, waterproof (20,000mm water column) and breathable (20,000g/m²/24h) polyurethane membrane.
- DWR water-repellent coating.
- Full front zip.
- Zipped chest and hand pockets.
- Zipped sleeve pockets with antenna outlet for communications equipment.
- Elasticated cuffs and waistband.
- Removable sleeves with zips.

Caractéristiques
