Round textile sling.

Description

Endless round textile sling for use in all lifting operations (especially construction and industry).

Technical features :

- Round sling with marking ring indicating load capacity
- Polyester fiber and sheath for high resistance to abrasion, UV and chemicals.
- Resistant to grease, dirt and salt water.

Our textile slings are available in lengths from 2 to 4m and for lifting loads from 1 to 10 tons. Others length can be supplied on request. The colors of the endless slings vary according to tonnage. Slings are available in purple, green, yellow, gray, red, brown or blue.
