Lifting bag SFB-H 8 bar

Description

The SFB-H lifting bag is a standard 8 bar pressure class lifting bag designed for maximum safety and control when lifting heavy loads. Its flat surface ensures stability that considerably enhances operator safety.

Technical features :

- 5 sizes available depending on maximum lifting force.
- Reflective markings on all four edges and in the center of the bag enable precise adjustment even in low visibility conditions.
- Secured connection with rubber cap.
- Stackable up to 3 bags.

Certified with EN 13731.

Available models :

- SFB-K 2/17, dimensions 45 x 45 cm , max. lifting capacity 13.5T
- SFB-K 7/17, dimensions 55 x 55 cm , max. lifting capacity 21.1T
