Lifting bag VEGA-FLAT 12B

## Description

VEGA lifting bag is a standard 12 bar pressure class lifting bag designed for maximum safety and control when lifting heavy loads. Its flat surface ensures stability that considerably enhances operator safety.

Technical features :

- 5 sizes available depending on maximum lifting force.
- Integrated handle with indications of maximum load capacity and lifting height.
- Reflective markings on all four edges and in the center of the bag enable precise adjustment even in low visibility conditions.
- Optional lifting ring inserts for attaching a rope and facilitating the manipulation of the lifting bag
- Secured connection with rubber cap.
- Stackable up to 3 bags.

Certified with EN 13731.

Available with all necessary accessories.

Available models :

- VEGA Flat 5/17, dimensions 48 x 48 cm , max. lifting capacity 24.7T
- VEGA Flat 10/17, dimensions 55 x 55 cm , max. lifting capacity 33.2T
- VEGA Flat 20/17, dimensions 67 x 67 cm , max. lifting capacity 50.2T
- VEGA Flat 40/17, dimensions 84 x 84 cm , max. lifting capacity 80.2T
- VEGA Flat 55/17, dimensions 93 x 93 cm , max. lifting capacity 100.2T
