CANYON GUIDE BESTARD canyoning shoes

Description

Sturdy and comfortable, BESTARD's CANYON GUIDE shoe is specially designed for activities in wet and difficult terrain, such as canyoning, caving, trekking and more.

Composed mainly of H²O Microtech and Cordura fabric, it offers maximum resistance to abrasion and wear in wet conditions.

In addition, its Vibram Best Idrogrip sole ensures optimum grip on all types of wet and slippery terrain.

Its high shaft and lacing system with locking hooks adapts perfectly to the foot's morphology and ensures comfortable support.

Technical features :

- H²O Microtech and Cordura fabric for excellent abrasion resistance.
- Rubber Pro reinforcement all around the shoe.
- VIBRAM Best Idrogrip outsole + EVA insert for optimum grip on wet terrain and enhanced cushioning.
- Integrated gaiters on the upper to prevent foreign objects from entering the shoe.
- Grommets at the bottom of the shoe for water drainage. T

Caractéristiques

- Poids de la paire : 1170g (en taille 42)
