PRO CANYON 10.3MM semi-static rope

Description

The PRO CANYON semi-static rope, diameter 10.3mm, is ideal for canyoning and whitewater rescue professionals.

Made from 100% pre-shrunk polyamide yarn, it boasts numerous qualities, including flexibility and durability.
Its water resistance and bright orange color make it an ideal ally for your canyoning outings.

The PRO CANYON rope features UNICORE technology, in which the core and sheath are glued together so that they stay together in the event of breakage or tearing.
