PRO WORK 35L storage bag

Description

The PRO WORK 35L carry bag is ideal for transporting all your work at height and rope access equipment.

Featuring an ergonomic foam back, its straps are adjustable to suit the wearer's morphology.

It features metal adjustment buckles, high-frequency seams and a reinforced bottom for long-lasting use.

Its side handle makes it easy to carry, and an exterior customization window makes it easy to identify.

Features a waterproof exterior pocket.
