Storage bag PRO WORK 60L

Description

The PRO WORK 60L transport bag is ideal for carrying all your work at height and rope access equipment. It is particularly suitable for carrying heavy loads.

Featuring an ergonomic foam back, its shoulder straps and waist belt are adjustable to suit the wearer's morphology.
It features metal adjustment buckles, high-frequency seams and a reinforced bottom for long-lasting use.

Its 2 side handles make it easy to handle, and a large, watertight, transparent window lets you view the bag's inventory.
