DURAFLEX 20M water curtain hose

Description

Easy to use and robust, the DURAFLEX hose offers high extinguishing capacity.

Equipped with spray nozzles and a V-shaped ground-holding system, it distributes pressurised water over an area and at a height that ensures the cooling of a lorry, machine or other motorised vehicle. or other motorised equipment.

It can also be used to contain dust, gases and vapours, or to decontaminate a vehicle.

Quick to install, easy to use and suitable for all types of terrain, it remains stable in position. Made from chemical-resistant materials and stainless steel.
