

CONNECTEUR MGO ALUMINIUM HOOK 60/110

https://www.securhit.com/en/carabiners-and-connectors/949-2284-connecteur-mgo-aluminium-hook-60-110.html#/1904-ouverture_0984-100_mm

MGO aluminum connector with 60 or 110 mm openings

Description

Wide-opening aluminum alloy connector for mooring to metal structures.

The large opening allows attachment to pipes and beams with dimensions of up to 60 or 110 mm.

Double lever locking ensures maximum safety and ease of opening.

Technical specifications:

- HOOK 60 mm : Weight 480g / Breaking force 25kN
- HOOK 110 mm : Weight 920g / Breaking force 25kN

Caractéristiques

- Composition : Alliage d'aluminium
- Norme : CE EN 362 A
