Camp SUPERCARGO 70 L hauling bag

Description

The SUPERCARGO 70 is a hoist bag designed for vertical transport and handling of all the equipment needed for working at height.

Its rigid 4500D TPU lining makes it highly resistant to abrasion.

Its shoulder straps can be stowed in the back of the bag and the removable waistbelt to prevent any entrapment during hoisting or lowering operations.

Technical details:

- Robust hoisting straps guaranteed for loads of up to 80 kg, fitted with lifting handles.
- Roll-up closure.
- Internal gear pocket and rings.

Caractéristiques

- Weight : 3400 g
- Volume : 70 L
- Dimension : 30 x 40 x 70 cm
