

WAGON BUCKET BAG 20L CAMP

<https://www.securhit.com/en/bags-and-storage/970-sac-seau-wagon-20l-camp.html>

Camp WAGON 20L basket bag

Description

Camp's WAGON 20L bag is designed to hold the equipment you need when working at height. Its basket shape means it can be attached to a harness or suspended from three metal rings. Its semi-rigid structure keeps the basket open during use.

Technical specifications :

- Retractable closing cap in dedicated pocket.
- Large inside pockets.
- Equipment loops.
- Transparent label holder.
- Two suspension handles.
- Two outside pockets, one of which has a gear loop on the inside for attaching a safety strap.

Caractéristiques

- Weight : 1100g
- Volume : 20L
- Charge maximale : 50kg
- Dimension : Ø32 x 38 cm
