Camp SPACECRAFT 45 L transport backpack

Description

The SPACECRAFT 45 backpack is ideal for rope access and technical rescue specialists.

Made from robust 500D PVC canvas and padded with layers of EVA.

Its large 45-litre storage volume holds all the necessary equipment and personnel for the most complex rope access operations.

Its forty internal buckles allow you to position your equipment as well as attach a large number of Spacecraft Bags (1 piece supplied as standard).

Technical details:
- Semi-rigid structure.
- Backpack closes with hook-and-loop fasteners.
- Padded back and shoulder straps.
- Three outside pockets.
- Transparent label holder.
- Straps for external rope transport.
- Guaranteed lifting handle for loads up to 50 kg.
