Floating dog harness

### Description

Made from polyethylene and soft nylon, this safety armband provides buoyancy for most dogs and cats.

Equipped with a handle on the back for easy location and recovery in the water, it is available in four different sizes.

Clip closure and optimal visibility thanks to its red color.

Thanks to its ergonomic cut, the animal's freedom of movement is not restricted.

Size features :

To choose the right size of flotation vest, base yourself on the dog's weight.

- Reference 20020: Weight - Reference 20021: Weight 8-15 kg, chest size 30-60 cm.
